## ABOUT ME

Computer Science undergraduate with practical experience in Python, Java, and AI-driven applications. Experienced in building projects using Google Gemini, Supabase, and modern web technologies. Strong interest in artificial intelligence and intelligent system development.

## EDUCATION

2023-2026

**Bachelor of Computer Science**

St. Joseph's College (Autonomous), Tiruchirappalli

2022-2023

**AISSCE**

PRPS CBSE School, Kumbakonam

2020-2021

**AISSE**

PRPS CBSE School, Kumbakonam

## SKILLS

- **Programming Languages:** Python, Java
- **Databases:** MongoDB, Supabase, Firebase, MySQL
- **AI & ML:** Machine Learning basics, NLP fundamentals, Prompt Design & Optimization
- **Tools & Platforms:** Git, GitHub, Docker, IntelliJ IDEA, VS Code, Cursor, Antigravity

## PROJECTS

- **TradeMind (React, TypeScript, Supabase, Google Gemini AI)**  
Developed an AI-driven trading analytics platform with dashboards and psychology insights, improving trade analysis clarity and decision support.
- **Vibrant Snake (Python, Gemini 2.5 Pro, Pygame)**  
Developed a kid-friendly arcade game with polished UI, using prompt engineering in Gemini 2.5 Pro to generate dynamic gameplay elements.

## INTERNSHIPS & CERTIFICATIONS

- **AI & ML Internship** - Meerana Technologies, Chennai (September - December 2025)
- **Java Programming Internship** - Aptone Technology, Trichy (May - June 2025)
